To Whom it May Concern,

Hope Lives Here Animal Rescue Society is an Edmonton and area-based dog and cat rescue that has been in operation since 2012.

Adam and the staff at 780 Kennels has provided support to HLH for many years. Specifically, Adam provides us with boarding for one dog free of charge at all times. This helps us immensely as we are a non-profit charity so we have to be very mindful of how we spend the dollars donated to us.

This complimentary spot enables us to have a safe place for a dog needing to come into care immediately when we do not have an appropriate foster home available, or, when a staycation is needed for one of our foster dogs already in care.

While at the Kennel, the dog is provided with free socialization with other canine guests and staff, and "off the record personality assessments" until a suitable foster home or adopter is found.

Adam also offers our adopters 50% off puppy classes which encourages puppy foster and adopters to partake in low-cost, monthly, socialization and training programs.

Another perk that our adopters and fosters are offered is a \$1 honorary membership which provides affordable, local, dog boarding and dog training options which helps our dogs be the best they can be and decreases the chances of our dogs being returned to the rescue due to undesirable behaviour.

This relationship is invaluable to HLH and we are very grateful for the continued support that Adam and the staff at 780 Kennels provides to our dogs and our volunteers.

Kind regards,

Alayna Astle
